

Primary Science Support for Non-Specialist Teachers

Dr Gillian Emery (Subject Leader for Science) and Catherine Dugdale (Leading STEM Practitioner) are hosting three twilight sessions at St Anthony's Girls' Catholic Academy.

Monday 13th May 2019 (Focus on Biology) (3:45-5:45)
Wednesday 22nd May 2019 (Focus on Chemistry) (3:45-5:45)
Thursday 5th June 2019 (Focus on Physics) (3:45-5:45)

The sessions will include:

- Using Science to stretch the Gifted and Talented students in your classes
- Using Science as a context for Literacy and Numeracy work
- Insights into the KS3 Science curriculum and how best to prepare your students
- Making links with Secondary Science teachers who would be happy to offer individual help and support, including school visits/ loaning equipment etc.
- Ideas for investigation work that can be done in a non-specialist classroom.

Cost: £50 per session or all three sessions for £100

Please contact enquiries@beaconta.com or joan.donaldson@st-anthonys-academy.com to attend.
